Support for girls' gymnastics does a world of good...

Dear Friends:

When you see the amazing performances by the U.S.'s top Olympic gymnasts, you cannot help marveling at the physical strength, grace, and coordination of these amazing athletes. But did you know that right here in Waltham, over 35 young ladies, grades one through high school work day in and day out to be their best—and that wherever their dreams take them, they will learn lessons from the sport that will last forever?

At Massachusetts Gymnastics Center (MGC)-Waltham, the dedicated girls of the Masstars competitive team are developing life skills and character, self-pride, and an extraordinarily healthy outlook. You can check out the team on their website at www.masstars.com.

And now, we're pleased to offer you the chance to support these girls as an advertiser of our noted Starlight Invitational Meet, which will be held at MIT in March!

The Starlight Invitational, put on by MGC and Friends of Gymnastics, the non-profit parent organization behind the team, has become a premier regional sporting event. This year, 678 gymnasts from Massachusetts, Connecticut, Rhode Island, New Hampshire, and New York will be attending. It is family supported sports at its best. And, it is also a tremendous opportunity for sponsors and advertisers to support the team's activities and training, and to connect your advertising message with an energetic audience from our region, and beyond.

Please consider giving the Masstars your support, and your business the kind of quality exposure it deserves. Speak with one of our Starlight meet representatives, or fill out an Advertiser Form to reserve your place in our Starlight Invitational Program Book.

Again, we hope you'll join in, and we thank you in advance for your support.

Sincerely,

Friends of Gymnastics (FOG)
